Welcome to the **URBAN ARTS FEST** - a mix of urban arts and live performance created by young people. The Festival features 90 young artists displaying their skills in spoken word, poetry, rap, drama, street dance, graffiti, scratching, dj-ing, design, graphics and event coordination. Urban arts is about exploring, mixing and experimenting with new and different art forms. Over ten weeks, our workshop programme has created opportunities for young people to collaborate with others, build their confidence and skills - and make new friendships. Our new space at Second Wave aims to respond to the future energies and ambitions of young artists.

NATASHA MATTHEWS, on behalf of Second Wave's Trustees

Second Wave's home on the first floor at Deptford Mission, 1 Creek Road
